16.06.2025-20.06.2025

## **INTERNATIONAL DAYS IN STRALSUND**

### *Plan*

In line with the motto "Promoting Partners & Possibilities" our international days 2025 aim to inform our students about the various exchange opportunities. Therefore we would like to invite you to promote your university to your future exchange students!

### *Programme*

The event, taking place on our campus in Stralsund, will be divided into presentations and stands combined with the option to meet with our students. Leisure activities such as a welcome dinner, lab tours, a regional excursion, a brewery tour and a farewell BBQ will give you the opportunity to get to know us, our partners and the region.

### *Participation Costs*

No participation fees apply. Accommodation will not be provided, but we can assist you in finding something that suits your needs. The participation in the event can be funded by your institution under the Erasmus+ program for staff mobility (STT). An official invitation letter will be sent upon request.
