# BIP - LET'S MOVE, DON'T EXCLUDE!

**Tuesday, 19.05.2026**

## **All-day trip to the “KALUMET” Equestrian Centre\***

*The daily schedule consists of sports activities that combine outdoor exercise with educational elements and a focus on the participants' physical and mental well-being.*

**09:00 Meet and depart for Boszkowo**

**10:00-13:00 Activities in 3 rotating groups**

*Students will be divided into three groups that will rotate through all planned activities, ensuring that everyone participates in every session block.*

- 1. The first block is **an introduction to horse riding** and working with horses. Participants will learn basic safety rules, and how to prepare for riding activities.*
- 2. The second session includes **a carriage ride**, which—though more leisurely—is an outdoor activity that promotes relaxation, group integration, and mental balance.*
- 3. The third block is the most dynamic and practical—it combines elements of **horse care** (grooming, saddling, leading) with **horseback riding under the supervision of an instructor**. This is a comprehensive physical activity that engages the entire body, developing coordination, balance, and body awareness.*

*The entire program emphasizes the importance of physical activity as an essential element of a healthy lifestyle. Interaction with horses and spending time in a natural environment positively impact mental and physical well-being, helping to reduce stress, improve concentration, and enhance participants' overall sense of well-being.*

**13:30-14:30 – Nordic walking**

**14:30 – Lunch (Sadyba Resort, Boszkowo)**

**15:30-18:00 – Outdoor sports activities on beach, yoga, volleyball, badminton, free time**

**18:00 – Return to Leszno**

*\*Required: Sportswear and trainers; it's a good idea to bring clothes suitable for all weathers*

# BIP - LET'S MOVE, DON'T EXCLUDE!
